Use a dark shade of the main shirt color for the neck.

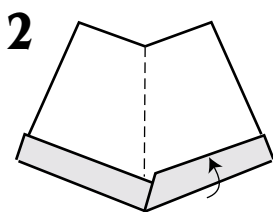

## Hawaiian shirt collar (piece "4A")

The collar is added half way through paper piecing (after piece #4) so that its seam allowances are caught in later seams.

From paper side, push pins through dots as shown.

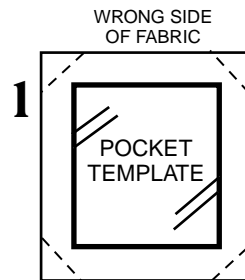

On fabric side, note position of pins.

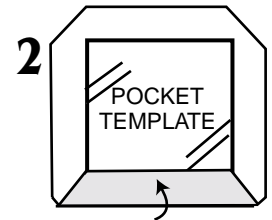

Position collar using points indicated. Pin or baste collar in place and continue paper piecing.

## Hawaiian shirt pocket

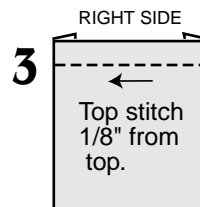

Add the pocket when the rest of the block is finished.

Cut pocket fabric a scant 1/4" bigger all around than template. Trim corners.

Press edges of fabric over cardboard template with iron, top and bottom first.

Position on shirt front (see step 6 at left). Top stitch near edge around three sides.
