8"x8"

$(A+B)+(C+D+E+F)+G$

If you would prefer a soccer ball "in the air" (right), do not cut sections C & D apart. All of section D becomes piece C10, and cover it with bkg fabric. All pieces marked **gr** in section G will also be **bkg**. The new piecing order would be $(A+B)+(C+E+F)+G$.

Match seams where facing arrows meet.
