

Leave a Note

by Linda Worland at Paper Panache
<https://www.paperpanache.com>

If you think you want to write on this note, print this page out, put the printed side against a bright window, and practice on the blank side. When you actually write on the block, place the whole block, right side up, against the window and write on the lines.

6"x8"
One section only

Match seams where facing arrows meet.
